To whom it may concern:

I would like to take a minute to compliment one of your finest consultants, Allen Hardon. I believe Allen Hardon's services to be more than a 10+. He is extremely valuable to me. Allen knows the Timeslips program inside and out. There has never been a task that I cannot complete with his help. He has never failed to solve any issue I have come across. Allen makes me look great by helping me create reports that always impress the partners at my firm. He makes my life a lot easier and has taught me so much about Timeslips.

Sincerely,

Kim E. Spence
