To Whom It May Concern:

This letter is written to convey my highest recommendation of Allen Hardon of Sherwood Systems.

Allen has worked closely with me and our firm for the past eleven years. Since his first day, Allen has consistently demonstrated an extraordinarily high level of integrity coupled with extraordinary motivation and knowledge of the Time Slips program. He is intelligent, proactive, detailed, and intuitive in his dealings with each member of our firm. He grasps the concepts and diversity of the many different attorneys in our firm, and works exceptionally well with each. His sense of humor and enthusiastic smile are bonuses that make working with him personally enjoyable as well as substantively satisfying.

I highly recommend Allen and I am very thankful and appreciative of all of his dedication to his profession.

If you have any questions or need any further information, please feel free to contact me. Thank you.

Very truly yours,

LuAnn Kay Kornegay
Administrative Coordinator
